## **PorchLight Announces Local Service Availability in Colorado Springs**

Colorado Springs, Colo. – July 1, 2005 – PorchLight, the leading provider of IP Based broadband phone, data, digital television and home security service, today announced local availability of its service in Colorado Springs, Colorado. High-speed Internet subscribers residing and working in the hometown of Colorado Springs can now take advantage of PorchLight's broadband phone service offering free unlimited local and long distance calling. Each plan includes the most popular features like call waiting, call forwarding and voicemail for one low, flat monthly rate. PorchLight customers Colorado Springs can now keep their current numbers or choose telephone numbers within the popular (719) area code.

"PorchLight is excited to bring the local area code to the Colorado Springs region where Myron Stratton grew to be a man of purpose and destiny. Our local presence in these Southern Colorado markets gives residents and small businesses the option to choose a phone service that provides a great alternative to current high priced traditional Bell providers." said Robert Athey, CEO of PorchLight Communications, Inc.

Using the latest technology, PorchLight sets the standard for the new generation of phone service with residential and business calling plans:

\$14.99/month - Residential Basic Plan 500 minutes of local, toll and long distance calling throughout the United States, Canada and Puerto Rico.

\$24.99/month - Residential Premium Unlimited Plan unlimited calling throughout the 50 United States, Canada and Puerto Rico anytime, anywhere.
